Facial Treatments

CosMedix

Made in the USA, CosMedix is an advanced skin treatment system that effectively encourages the skin to repair itself. It is clinically proven to repair the skin, restore normal function while also offering long term increases in collagen and elastin density, and is suitable for both men and women. CosMedix use the purest ingredients and are "Chirally Correct," meaning its ingredients are chosen to work in harmony with skin cell structures. The active ingredients in CosMedix are uniquely suited to resolving skin issues such as Rosacea, sensitivity and dryness. Derived from plants, CosMedix formulations are free from artificial fragrances, preservatives and irritants.

Celluma Advanced LED Therapy

Celluma is a Multi Award winning technology. Made in the USA, FDA-Approved to treat a range of musculoskeletal and skin conditions including wrinkles and acne. The Celluma LED admits a low-level light therapy that produces a natural photobiochemical reaction similar to photosynthesis. It has a wide range of beneficial applications and is used across many medical fields. It can be used on the entire body and treats skin, muscle, joint and pain conditions. LED therapy can be used in conjunction with Facials, Peels, Microneedling, Dermaplaning or as an addition to Massage, Hand and Feet treatments. The results obtained when following your therapist's treatment plan advice are outstanding.

Dermaplaning Treatments

Dermaplaning has been practiced by dermatologists and plastic surgeons for over 40 years. It is a highly effective physical exfoliation procedure that removes vellus facial hairs and performs a gentle "shave" to the skin's surface, removing the dead skin along the way. It's fantastic as a stand-alone treatment or with LED Therapy. Recommended monthly to maintain the skin's natural health and normal skin cycle.

Dermapen Microneedling Treatments

Made in the UK the Dermapen can be used on the face and body and is recommended as a course of treatments to obtain outstanding results. It uses advanced oscillating vertical needling technology that is safer and more effective in piercing the skin than traditional skin needling rollers. This treatment helps with a number of different skin conditions. Dermapen is ideal for Collagen induction therapy, Sun damage, Ageing/Rhytids (wrinkles), Hyperpigmentation, Rosacea, Enlarged pores, Scarring, Alopecia, Hair regeneration and Striae (stretch marks.)
